CARGO WORK

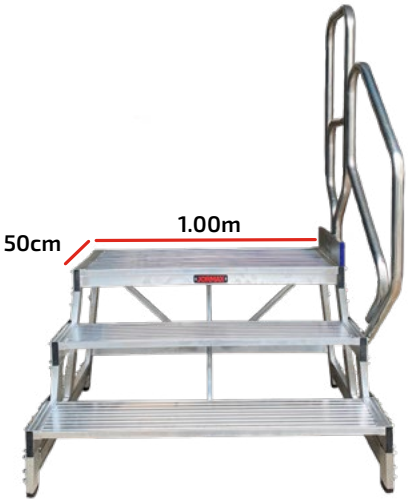
Work platform for professional use, with 45x20cm non-slip steps and a 50x100cm platform. The steps are welded to the stiles, creating a solid, sturdy structure. A large ground contact area provides greater stability. Ideal for professional work in industrial environments, at lower heights.

TECHNICAL SPECIFICATIONS

- Number of steps: 3;
- Step spacing: 24cm;
- Non-slip PVC feet;
- Non-slip rubber feet;
- User and maintenance manual;
- Identification label.

OPTIONS

• 2nd side handrail
• Front protection
• Wheels



Cargo Work 3 steps
