INDUSTRIAL DUPLO

A professional double-sided stepladder made of ribbed aluminium. Its 8cm-deep steps are swaged into the stiles and spaced 25cm apart. Very sturdy, solid structure. Ideal for all types of professional work. European Standard EN131 prohibits standing on the top 2 steps without guardrails. The platform counts as a step.

We recommend the use of **guardrails**

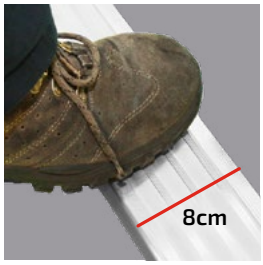

TECHNICAL SPECIFICATIONS

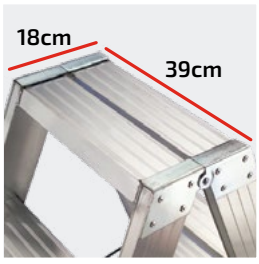

- Number of steps: 2x3 to 2x13;
- Step spacing: 25cm;
- Step depth: 8cm;
- Platform: 39x18cm;
- Profile: 80x25mm;
- Non-slip feet with ergonomic design;
