SÓTÃO

Metal loft ladder. Easy to open and close thanks to its dedicated system. Installation takes just 5 minutes: insert the ladder into the ceiling opening and secure it with the fittings that screw onto the bolts. To adapt it to different heights, the steps must be removed. Designed for indoor installation only.

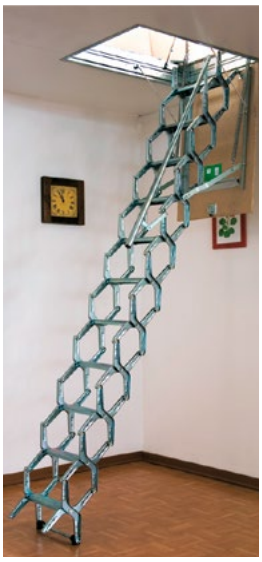

TECHNICAL SPECIFICATIONS

- Number of steps: 11;
- Overall height: 2.80m;
- Ladder width: 80cm;
- Easy opening/closing system;
- User and maintenance manual;
- Identification label.
