UP & DOWN

A professional double-sided step stool made of ribbed aluminium, with a non-slip wooden surface. The 8cm-deep steps, spaced 25cm apart, are welded to the stiles. Its wide design allows greater sideways movement in the work area. Ideal for painters, plasterers and decorators.

We recommend the use of **guardrails**

TECHNICAL SPECIFICATIONS

- Step spacing: 25cm;
- Step depth: 8cm;
